All committees must maintain and serve written notice of their actions to the Members and the Executive Board. However, actions taken by a committee may be appealed to the Executive Board by any Member or Owner within thirty (30) days of publication of a notice. If an appeal is made, the committee's action must be ratified, modified or rejected by the Executive Board at its next regular meeting.

The Executive Board may not act on behalf of the Master Association to amend this Declaration, to terminate same, or to elect members of the Executive Board or determine their qualifications, powers and duties or the terms of office of Executive Board members, but the Executive Board may fill vacancies in its membership for the unexpired portion of any term.

3.6 Rules and Regulations. The Master Association, from time to time and subject to the provisions of the Documents, may adopt, amend and repeal rules and regulations ("Rules and Regulations") governing, among other things and without limitation:

- (a) The use of the Common Elements.

Without limiting the generality of the foregoing, the Executive Board may suspend voting rights of a Member after notice and hearing as provided in the Bylaws for an infraction of the Rules and Regulations.

3.7 Budget Process. To determine the amount required to be raised by assessments for any fiscal year, the Executive Board

shall prepare an annual budget for each such fiscal year showing, in reasonable detail, the various matters proposed to be covered by the budget, the estimated costs and expenses which will be payable, the estimated income and the funds which will be available in the fiscal year, and the estimated total amount of money required to be raised by assessments to cover such costs and expenses and to provide a reasonable reserve. A total amount of money required to be raised by assessments for that fiscal year shall be the amount as determined by the Executive Board as necessary to satisfy the costs and expenses of fulfilling the functions and obligations of the Master Association in the coming fiscal year, including the payment of debts from prior fiscal years, providing reasonable reserves and providing a reasonable carryover reserve for the following fiscal year. Within thirty (30) days after adoption of any proposed budget for the common interest of the Master Association, the Executive Board shall mail, by ordinary first class mail, or otherwise deliver, a summary of the budget, to the Members and to all Owners, and shall set a date for a meeting of the Members to consider ratification of the budget not less than fourteen (14) days nor more than sixty (60) days after mailing or other delivery of the summary. Unless at that meeting a majority of all votes allocated to Members rejects the budget, the budget is ratified. In the event a proposed budget is rejected, the periodic budget last ratified by the Members must be continued until such time as the Members ratify a subsequent budget proposed by the Executive Board.

3.8 Professional Management and Contract Termination Provisions. The Master Association may utilize professional management in performing its duties hereunder. Any agreement for professional management of the Master Association's business shall have a maximum term of three (3) years and shall provide for termination by either party thereto, with or without cause, and without payment of a termination fee, upon ninety (90) days' prior written notice. Any contracts, licenses or leases entered into by the Master Association during the Period of Declarants Control shall provide for termination by either party thereto, with or without cause and without payment of a termination fee, at any time after termination of the Period of Declarants Control, upon sixty (60) days' prior written notice; provided, however, that any contract entered into at any time by the Association providing for services of Declarants shall provide for termination at any time by either party thereto without cause and without payment of a termination fee upon sixty (60) days' prior written notice.

The Master Association shall have the right, power and authority to contract, in writing, with Member Associations, hereafter established with respect to any portions of Gateway Park, for services involved in management of the Master Association's affairs or to provide such services to any such Member Association. Any such contract shall provide for payment by the

12

appropriate Member Association(s) for the reasonable estimated expenses of providing such services, including in such event a fair share of overhead expenses. Among the services which may be obtained from or provided to the Member Association(s) pursuant to this provision shall be the following:

3.10 Cooperation with Adjacent Developments. The Master Association may cooperate with developers of and associations representing parcels adjacent to Gateway Park (including, without limitation, parcels developed for residential, business or commercial purposes) in all respects to enable the Master Association and the owners of such properties and/or associations representing same to efficiently and economically provide appropriate services to the owners of the respective parcels. It is contemplated that from time to time either the Master Association or any of those authorities may use the services of the other in furthering their respective obligations, and that they may contract with each other to better provide for such cooperation and services.

3.12 Implied Rights and Obligations. The Master Association shall perform all of the duties and obligations imposed on it expressly by the Documents, together with every other duty or obligation reasonably to be implied from the express provisions of the Documents or reasonably necessary to satisfy any such duty or obligation reasonably to be implied from the express provisions of the Documents or reasonably necessary to satisfy any such duty or obligation. The Master Association may exercise any other right or privilege (i) given to it expressly by the Documents, or (ii) reasonably to be implied from the existence of any right or privilege given expressly by the Documents or (iii) reasonably necessary to effectuate any such right or privilege.

ARTICLE IV. LIMITED PURPOSE ASSOCIATION

4.1 Limited Purpose. The purpose for establishment of the Master Association is to provide for the development, construction, management, operation, maintenance, repair, replacement and use of the Common Elements and Improvements, the public park on Tract B, and the raw irrigation Water System. It is the intent of this Declaration that the Master Association and governance of the Common Elements hereunder shall, to the extent required by the Act, be in accordance with the terms of the Act. However, it is also acknowledged that portions of Gateway Park will be subject to declarations establishing various common interest communities with associations providing governance. Except for the express limited purpose of this Declaration and the Master Association, all governance of the Member Communities will be determined by and in accordance with the terms of the respective declarations and established associations; provided that in consideration of the overriding mutual common interests of Members and Owners in ensuring that the various Member Communities and Member Associations in Gateway Park conform to and carry out the terms and conditions set out in their respective declarations and related documents, the Master Association shall have the authority to require that any community or association failing to so conform and act, forthwith correct any deficiencies by resolution of the Executive Board or court order, if necessary.

14

4.2 CCIOA Plat and Map. In accordance with the provisions of the Act, there has been recorded in the records of the Clerk and Recorder of Larimer County, Colorado, a Plat or Plats of Gateway Park, depicting the real property to which this Declaration applies. It is intended that said Plat(s) shall constitute the Plat or Map as defined in this Declaration and in the Act with respect to the Master Association and this Declaration. To the extent necessary to render the Plat and Map in substantial compliance with the requirements of the Act, the terms, conditions, statements and dedications contained on the various recorded plats of Gateway Park, or any parts thereof, are also incorporated herein by this reference.

Acceptance by any grantee of a deed or other instrument of conveyance from Declarant or from any Member or Owner shall constitute appointment of the Master Association as attorney-in-fact as provided in this Article. As attorney-in-fact, the Master Association shall have full and complete authorization, right, and power to make, execute, and deliver any contract, assignment, deed, waiver, or other instrument with respect to the interest of any Member or Owner which may be necessary or appropriate to exercise the powers granted to the Master Association as attorney-in-fact.

15

6.3 Declarants Control. Until the expiration of the Period of Declarants Control and subject to the limitations of the Act (to the extent applicable), Declarants shall retain the exclusive power to appoint and remove the Directors of the Executive Board of the Master Association.

However, upon voluntarily terminating this Special Declarants Right in advance of the expiration of the Period of Declarants Control, Declarants may require that specified actions of the Master Association or the Executive Board, as described in an instrument executed and recorded by Declarants in the office of the Clerk and Recorder of Larimer County, Colorado, be approved by Declarants before those actions become effective.

6.4 Allocated Interests. During the Period of Declarants Control the initial liability for Common Expenses to be allocated to each Member Association shall be determined by the Declarants and adopted by the Executive Board. The Member Associations shall allocate their shares of such Common Expenses among their members (the Owners of Lots) in accordance with their respective declarations. Following said period, the liability for Common Expenses to be allocated to additional associations which become Members of the Master Association and the resulting reallocation of Common Expenses to current Members shall be determined and approved by resolution of the Executive Board acting in its sole discretion and considering the area of the real property in the community, Common Elements within the community, value of Owner improvements, estimated annual Common Expenses, and the number of persons residing or working in the community.

(c) The right of the Master Association, acting through the Executive Board, to dedicate or transfer all or any part of the Common Elements to any municipality, county, state or public entity or utility for such purposes and subject to such condition as may be agreed to by the Members; provided that no such dedication or transfer shall be effective unless the Members entitled to cast at least sixty-seven percent (67%) of the votes of the Executive Board of the Master Association, agree to such dedication, transfer, purpose, and condition, and unless written notice of the proposed agreement and action is sent to every Owner at least thirty (30) days in advance of any action taken by the Executive Board; and provided further that the granting of easements for public utilities or for other public purposes consistent with the intended use of the Common Elements shall not be deemed a transfer within the meaning of this clause.

7.5 Reservation of Easements, Exceptions, and Exclusions for Utilities, Infrastructure and Access. Declarants reserve for themselves and their successors and assigns and hereby grant to the Master Association, acting through the Executive Board, the concurrent right to establish from time to time, by Declaration or otherwise, easements, permits, or licenses over the Common Elements, for purposes including, but not limited to, streets, pathways, trails, walkways, drainage, shafts, pipelines, conduit and similar facilities, and to create other reservations, exceptions, and exclusions in the interest of the Members, the Owners or the Master Association.

Declarants also reserve for themselves and their successors and assigns and grant to the Master Association the concurrent right to establish from time to time by an instrument recorded in Larimer County, Colorado, such easements, permits or licenses over the Common Elements for access by certain persons (other than Owners and Owners' families and guests) who may be permitted to use designated portions of the Common Elements as contemplated under this Declaration.

Declarants further reserve for themselves and their successors and assigns the right to create temporary or permanent easements for access, drainage, water and other purposes incidental to the development and sale of Gateway Park, located in, on, under, over and across any sites presently owned by Declarants, or any Common Element; provided that such easements do not create a permanent, unreasonable interference of the rights of any Member or Owners.

7.6 Utilities. There is hereby created an easement upon, across, over and under the Common Elements for the limited purposes of installation, operation, replacement, repair and maintenance of utility lines and/or facilities, including, but not limited to, water, sewer, gas, telephone, telecommunications, electricity, computer cable, data transmission lines and master television antenna or cable or satellite television systems, if any, subject to strict compliance with the following conditions by the Person installing, or upon completion of installation, owning or providing the utility service:

(a) Written notice to the Declarants of the planned installation with a copy of the plans showing the location and installation of the lines and facilities attached.

(b) Compliance with all requirements and instructions of the Declarants concerning the proposed installation in order to eliminate or minimize disruption, damages, or interference with existing utilities and ensure an orderly, efficient occupancy of easements.

18

(c) Upon completion of the installation of lines and facilities, a complete set of "as built" drawings shall be delivered to the Declarants in addition to those required by any public entity.

Notwithstanding the foregoing provisions, the Declarants reserve the right to require any Person intending to install utility lines and/or facilities upon, across, over or under the Common Elements to obtain a specific easement for the applicant's occupancy prior to commencement of installation. In the event any Person furnishing a service covered by this Section requests a specific easement by separate recordable document, Declarants reserve and are hereby given the right and authority to grant such easement upon, across, over or under any part or all of the Common Elements without conflicting with the terms hereof. The foregoing rights and authority of the Declarants shall cease ten (10) years after recordation of this Declaration in the records of the County of Larimer, Colorado, at which time said reserved rights shall vest in the Master Association.

7.7 Emergency Access Easement. A general easement is hereby granted to all police, sheriff, fire protection, ambulance, and all other similar emergency and public safety agencies or services to enter upon the Common Elements in the lawful and proper performance of their duties.

7.8 Declarants' Rights Incident to Construction. Declarants, for themselves and their successors and assigns, hereby retain a right and easement of ingress and egress over, in, upon, under, and across the Common Elements and the right to store materials thereon and to make such other use thereof as may be reasonably necessary or incident to the construction of the Improvements in Gateway Park or other real property owned by Declarants; provided that no such rights shall be exercised by Declarants in such a way as to unreasonably interfere with the occupancy, use, enjoyment, or access to an Owner's Lot by that Owner or his family, tenants, employees, guests, or invitees.

7.9 Water System Easement. Declarants, for themselves and their successors and assigns, hereby retain the right and easement of ingress and egress over, in, upon and across the Common Elements, as necessary, for the construction, installation, operation, maintenance, repair and replacement of the Water System, which right and easement shall also inure to the benefit of the Water Company.

ARTICLE VIII. COVENANT FOR MAINTENANCE ASSESSMENTS

8.1 Assessment Against Members. Declarants, for each Member of the Master Association, shall be deemed to covenant and agree to pay to the Master Association all Assessments, together

19

with interest thereon and cost of collection therefor, as provided in this Declaration. Notwithstanding that Assessments by the Master Association shall be made against its Members, in the event of failure of a Member to pay such Assessments (or inability to pay such Assessments due to failure of any Owner to pay its share of such Assessments to such Member, each of the respective Owners of Lots within a Member community shall be directly and personally obligated to the Master Association for the payment of their proportionate shares of such Assessments except as provided elsewhere in this Article VIII.

8.2 Creation of Lien and Personal Obligation of Assessments. Declarants, for each Lot owned within Gateway Park, shall be deemed to covenant and agree, and each Owner of any Lot, except those exempt under Section 8.16 of this Article, by acceptance of a deed therefor, whether or not it shall be so expressed in any such deed or other conveyance, shall be deemed to covenant and agree to pay to the respective Association with jurisdiction over such Owner's Lot, or failing such payment, directly to the Master Association, all Assessments and Fines, together with interest thereon and costs of collection therefor as hereinafter provided. Said Assessments, Fines, interest and costs of collection, including reasonable attorneys' fees, shall be a charge on the land and shall be a continuing lien upon each Lot to which each such Assessment or Fine is applicable. Such Assessments and Fines, including reasonable attorneys' fees, shall be the personal obligation of the Person who was the Owner of each such Lot at the time when the Assessment or Fine is levied. The personal obligation for any delinquent Assessment or Fine shall not pass to his or her successors in title unless expressly assumed by them. No Owner may become exempt from liability for payment of Assessments or Fines by waiver of the use or enjoyment of the Common Elements or by abandonment of the Lot against which Assessments are made or Fines are assessed.

Assessments on Lots within a Gateway Park may be levied directly against each Lot, but the Residential Association, Business Association, and Other Associations, upon creation, are hereby designated as the agents of each such Owner for receipt of notices of Assessments and the collection of Assessments and remittance to the Master Association.

8.3 Purpose of Assessments. The Assessments levied by the Master Association through its Executive Board shall be used exclusively for the ownership, development, management, operation, maintenance, repair and replacement of the Common Elements, and for any other obligations or common services which may be deemed prudent or necessary for the Master Association for the common benefit of its Members and Owners, or the maintenance of property values, or for the payment of expenses which may be incurred by virtue of an agreement with or requirement of any association or municipal, county, state, or public entity or utility. The

20
Assessments shall further be used to provide insurance of various types and in such amounts as are required by this Declaration and the Act or deemed prudent and necessary by the Executive Board. The Assessments shall be used to provide an adequate reserve fund for replacement, repair and maintenance of the Common Elements and Improvements on a periodic basis as the Executive Board determines in its discretion is necessary and prudent.

8.4 Annual Common Expense Assessment. The total annual Common Expense Assessment shall be based upon the Master Association's advance budget of the cash requirements needed by it to provide for the administration and performance of its duties during such Common Expense Assessment year, which estimates may include, among other things:

- (a) Expenses of management.
- (b) Premiums for all insurance which the Master Association is required or permitted to maintain.
- (c) Repairs and maintenance.
- (d) Wages for Association employees, if any.
- (e) Legal and accounting fees.
- (f) Any deficit remaining from a previous Assessment year.
- (g) The creation of reasonable contingency and capital reserves.
- (h) Taxes, fees, and other similar charges.
- (i) Any other costs, expenses and fees, which may be incurred or reasonably be expected to be incurred by the Master Association for the benefit of the Members or Owners under or by reason of this Declaration.

Such Common Expense Assessments shall be collected at such intervals as may be determined by the Executive Board, but not less frequently than on an annual basis. In the absence of a duly adopted resolution of the Executive Board to the contrary, such Common Expense Assessments shall be collected in quarterly installments.

8.5 Special Assessments.

- (a) In addition to the Assessments authorized elsewhere in this Declaration, the Master Association may any time, from time to time, determine, levy and assess a Special Assessment for the purpose of defraying in whole or in part,

21

payments for any operating deficit and/or unbudgeted costs, fees and expenses of any construction, repair, maintenance, replacement, demolition, or replacement of the Common Elements, Improvements or related facilities. Any such Special Assessment made by the Master Association must be approved by sixty-seven percent (67%) of the Member's votes present at a meeting duly called for that purpose; provided a quorum is present as provided below. No Special Assessment for legal action pursued by the Master Association shall be required of Declarants without written approval by Declarants. The amounts determined, levied and assessed pursuant hereto shall be assessed equally against each Lot in the same manner as Annual Assessments.

(b) Notice and Quorum. Written notice of any meeting called for the purpose of taking any action authorized under this Section shall be sent to all Members not less than five (5) nor more than thirty (30) days in advance of the meeting.

At the first such meeting called, the presence of Members or of proxies, if permitted, entitled to cast sixty-seven percent (67%) of all votes of the membership shall constitute a quorum. If the required quorum is not present, the meeting shall be continued to another date to be decided by the voting Members at the first meeting, subject to the same notice requirements. The required quorum at the subsequent meeting shall be fifty percent (50%) of all votes of the membership. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

8.6 Owner's Negligence and Individual Assessments. Notwithstanding anything to the contrary contained in this Declaration, or in the event that the need for maintenance or repair of the Common Elements or any improvements located thereon is caused by the willful or negligent act, omission or misconduct of any Owner, or by the willful or negligent act, omission or misconduct of any member of such Owner's family, or by a guest or invitee of such Owner, or any tenant or tenant's family, the costs of such repair and maintenance shall be the personal obligation of such Owner. Any costs, expenses and fees incurred by the Master Association for such maintenance, repair or reconstruction shall constitute an "Individual Assessment" and shall be added to and become part of the Assessment to which such Owner's Lot is subject and shall be a lien against such Owner's Lot as provided in this Declaration. A determination of the willful or negligent act, omission or misconduct resulting in an Individual Assessment, and the amount of the Owner's liability to be paid, shall be determined by the Master Association after written notice to the Owner and the right to be heard before the Executive Board; provided that any such determination which assigns liability to any Owner pursuant to the terms of this Section may be appealed by said Owner to a court of law. In the event of such an appeal, the attorney's fees and expenses and court costs of the prevailing

22

party shall be taxed to the other party.

8.7 Date of Commencement of Annual Common Expense Assessments. Common Expense Assessments shall begin on the first day of the month in which conveyance of the first Lot to an Owner other than Declarants occurs. The first Common Expense Assessment shall be prorated according to the number of days remaining in the assessment period established by the Executive Board. The Executive Board shall fix the amount of the Common Expense Assessment against each Lot annually. Written notice of the Common Expense Assessment shall be sent to every Owner subject thereto.

8.8 Common Expenses Attributable to Fewer than All Lots.

(a) An Assessment to pay a judgment against the Master Association may be made only against the Lots in Gateway Park at the time the judgment was entered, in proportion to their liability for Common Expenses.

(b) If a Common Expense is caused by the misconduct of an Owner as provided by Section 8.6, the Master Association may assess that expense exclusively against that Owner's Lot.

(c) Fees, charges, taxes, impositions, late charges, fines, collection costs and interest charged against an Owner pursuant to the Documents are enforceable as Common Expense Assessments.

(d) Any Common Expense or portion thereof specially benefiting fewer than all of the Lots must be assessed exclusively against only the Lots benefited in the proportions determined by the Executive Board after considering the relative size and value that the Lots being benefited and the special benefits, if any, received by each lot.

8.9 Collection. Assessments shall be collected on a periodic basis as the Executive Board may determine from time to time, but until the Executive Board directs otherwise, Assessments shall be due and payable quarterly in advance on the first day of each calendar quarter. Member Associations may contract with the Master Association to collect regular Annual or Special Assessments of the Master Association as part of their regular Assessments and remit same to the Master Association on a timely basis. Collection of the Master Association's Assessments in this manner shall not prevent the creation of the Master Association's lien against any Lot or impair the Master Association's ability to enforce or collect its Assessments as provided under this Declaration if they are not remitted to the Master Association in a timely manner. The omission or failure of the Master Association to fix Assessments for any Assessment period will not be deemed a waiver, modification, or release of the Members or

23

Owners from their obligation to pay the same. The Master Association will have the right, but not the obligation, to make pro-rata refunds of any Assessments in excess of the actual expenses incurred in any fiscal year. Any such excess funds not refunded will be credited to the next installment(s) of Assessments due.

8.10 Default Assessments. All delinquent water charges, monetary fines, penalties, interest or other charges or fees assessed against an Owner pursuant to the Documents, or any expense of the Master Association which is the obligation of an Owner or which is incurred by the Master Association on behalf of the Owner pursuant to the Documents and any expense (including, without limitation, attorneys' and legal assistants' fees) incurred by the Master Association as a result of the failure of an Owner to abide by the Documents, shall be a Default Assessment and shall become a lien against such Owner's Lot, which may be foreclosed or otherwise collected as provided in this Declaration and in accordance with the Act, if applicable.

8.11 Association Lien and Effect of Non-Payment of Assessments. The Assessments, charges, fees, Fines, impositions, interest, costs, late charges, expenses and reasonable attorneys' fees which may arise under the provisions of this Declaration, shall be burdens running with, and perpetual liens in favor of the Master Association upon, the specific Lot to which such Assessments apply. Recording of the Declaration constitutes record notice and perfection of the Master Association's lien. Further recording of a claim of lien for any Assessment under this Section is not required. Any Assessment, charge, Fine or fee provided for in this Declaration, or any installment thereof, which is not fully paid within ten (10) days after the due date thereof shall bear interest at the rate of eighteen percent (18%) per annum from the date due, and the Master Association may assess a late charge thereon.

In the event of default in which any Owner does not make payment of any Assessment levied against his or her Lot within ten (10) days of the due date, the Executive Board shall have the right to declare all unpaid Assessments for the pertinent fiscal year immediately due and payable. Further, the Master Association may bring an action at law or in equity, or both, against any Owner personally obligated to pay such overdue Assessments, charges, Fines or fees, or installments thereof, and may also proceed to foreclose its lien against such Owner's Lot.

An action at law or in equity by the Master Association against an Owner to recover a money judgment for unpaid assessments, charges or fees, or installments thereof, may be commenced and pursued by the Master Association without foreclosing or in any way waiving, the Master Association's lien therefor. In the event that any such Assessment, charge, Fine or

24

fee, or installment thereof, is not fully paid when due and the Master Association shall commence such action (or shall counterclaim or cross-claim for such relief in any action) against any Owner personally obligated to pay the same, or shall proceed to foreclose its lien against the particular Lot, then all unpaid Assessments, charges, Fines and fees, and all unpaid installments thereof, and any and all late charges and accrued interest under this Section, the Master Association's costs, expenses and reasonable attorneys' fees incurred in preparing and recording any lien notice, and the Master Association's costs of suit, expenses and reasonable attorneys' fees incurred for any such action and/or foreclosure proceedings shall be taxed by the court as a part of the cost of any such action or foreclosure proceeding and shall be recoverable by the Master Association from the Owner personally obligated to pay the same and from the proceeds of the foreclosure sale of such Owner's Lot.

Foreclosure or attempted foreclosure by the Master Association of its lien shall not be deemed to estop or otherwise preclude the Master Association from thereafter again foreclosing or attempting to foreclose its lien for any subsequent Assessment, charge, Fine or fee, or installment thereof, which is not fully paid when due. The Master Association shall have the power and right to bid on or purchase any Lot at foreclosure or other legal sale, and to acquire and hold, lease, mortgage, vote the Master Association votes appurtenant to ownership thereof, convey or otherwise deal with the same. A lien for an unpaid Assessment is extinguished unless proceedings to enforce the lien are instituted within six (6) years after the full amount of the Assessments become due, except that if an Owner of a Lot subject to a lien under this Section filed a petition for relief under the United States Bankruptcy Code, the time period for instituting proceedings to enforce the Master Association's lien shall be tolled until ninety (90) days after the automatic stay of proceedings under § 362 of the Bankruptcy Code is lifted.

In any action by the Master Association to collect Assessments or to foreclose a lien for unpaid Assessments, the court may appoint a receiver for the Lot to collect all sums alleged to be due from the Owner or a tenant of the Owner prior to or during the pendency of the action, or during any period of redemption. The court may order the receiver to pay any sums held by the receiver to the Master Association during the pendency of the action and during any period of redemption to the extent of the Master Association's Assessments, based on a periodic budget adopted by the Master Association.

8.12 Subordination of Lien to Security Interests. A lien under this Section is prior to all other liens and encumbrances on a Lot except:

- (a) Liens and encumbrances recorded before the

23

recordation of this Declaration.

(b) A First Security Interest on the Lot recorded before the date on which the Assessment sought to be enforced became delinquent.

(c) Liens for real estate taxes and other governmental assessments or charges against the Lot.

(d) Previously recorded liens on the Lot recorded by a Member Association for an assessment pursuant to a declaration.

A lien under this Section is also prior to all Security Interests to the extent that the Assessments are based on the periodic budget adopted by the Master Association and which would have become due, in the absence of acceleration, during the six (6) months immediately preceding institution of an action to enforce either the Master Association's lien or a Security Interest, and statutory liens recognized under Colorado law. If a holder of a First Security Interest in a Lot forecloses that Security Interest, the purchaser at the foreclosure sale is not liable for any unpaid Assessments against the Lot which became due before the sale, other than the Assessments which are prior to the Security Interest under this Section of the Declaration. Any unpaid Assessments not satisfied from all the proceeds of sale become Common Expenses collectible from all Owners, including the Purchaser. Sale or transfer of any Lot shall not affect the lien for said Assessment charges except that a sale or transfer of any Lot pursuant to foreclosure of any First Security Interest, or any proceeding in lieu thereof, including deed in lieu of foreclosure, or cancellation or forfeiture of any such executory land sales contract, shall only extinguish the lien of Assessment charges which become due more than six (6) months immediately preceding institution of an action to enforce either the Master Association's lien or a Security Interest, and statutory liens recognized under Colorado law. No such sale, transfer, foreclosure or other proceeding in lieu thereof, including deed in lieu of foreclosure, shall relieve any Lot from liability for any Assessment charges thereafter becoming due, nor from the lien thereof. This Section does not affect the priority of mechanic's or materialmen's liens.

8.13 Record of Receipts and Expenditures. The Master Association shall keep detailed and accurate records in chronological order of all of its receipts and expenditures, specifying and itemizing the maintenance and repair expenses of the Common Elements and any other expenses incurred. Such records and the vouchers authorizing the payments shall be maintained by and retained in the possession of the Executive Board at such location as the board may designate from time to time by resolution and shall be available on request, with reasonable

26

advance notice, for examination, during regular business hours, by the Owners and others with an appropriate interest, such as prospective lenders.

8.14 Certificate of Status of Assessments. The Master Association, upon written request to the Master Association's registered agent, personally delivered or delivered by certified mail, first class postage prepaid, return receipt requested, and upon payment of reasonable fee, but in no event less than Ten Dollars (\$10.00), shall furnish to an Owner or such Owner's designee or to a holder of a Security Interest or its designee, a statement, in recordable form, setting out the amount of the unpaid Assessments against the Lot. The statement must be furnished within fourteen (14) business days after receipt of the request and is binding on the Master Association, the Executive Board and each Owner. A properly executed certificate of the Master Association as to the status of Assessments on a Lot is binding upon the Master Association as of the date of its issuance. Omission or failure to fix an Assessment or deliver or mail a statement for any period shall not be deemed a waiver, modification or release of an Owner from his or her obligation to pay the same.

8.15 Homestead. The lien of the Master Association's Assessments shall be superior to any homestead exemption as is now or may hereafter be provided by Colorado or federal law. The acceptance of a deed to land subject to this Declaration shall constitute a waiver of the homestead exemption as against said lien.

8.16 Exempt Property. The following property subject to the Declaration shall be exempted from the Assessments, charges and liens created herein:

(a) All properties which are owned by or dedicated to and accepted by a municipal, county, state or local public entity or utility and are solely for the benefit and use of the public.

(b) All Common Elements.

ARTICLE IX. RAW WATER IRRIGATION SYSTEM

9.1 Water System. Declarants or the Water Company, as the Declarants' assignee, shall design, construct, operate, maintain, repair, and replace (or cause to be designed, constructed, operated, maintained, repaired, or replaced) within Gateway Park, a raw water irrigation system, referred to herein as the Water System to be supplied with raw water provided by the Declarants or the Water Company. The Water System shall be so designed as to provide adequate raw water to irrigate Landscaping on all Lots (to

27

the extent the Master Association or Member Associations are responsible for providing raw irrigation water), the Common Elements, and all other property served by the water system. The Water System shall include such facilities, equipment, improvements and water rights as are determined to be necessary or appropriate by the Declarants or the Water Company. The Declarants intend to convey the Water System to the Water Company to be formed by the Declarant for the purpose of owning and operating the Water System. The Water Company shall contract with the Master Association to provide raw irrigation water to the Lots, Common Elements and any other property served by the Water System within Gateway Park. Provisions for paying all expenses incurred or assumed by the Water Company in the ownership, operation, maintenance, repair and replacement of the Water System and delivering the raw irrigation water shall be set forth in the written contract. It shall be the obligation of the Master Association to establish a rate schedule sufficient to recover all said expenses, the cost of water, administration, billing, collection and related charges from Members and Owners. Any charges for water service not paid timely shall be deemed a Default Assessment as provided by Section 8.10, subject to levy and collection in the manner provided by Article VIII.

9.2 Rules and Regulations. The Water System and use of water supplied by same shall be subject not only to the provisions of the contract with the Water Company, but to such Rules and Regulations as may be adopted by the Master Association from time to time governing design and operation of irrigation systems, scheduling and use restrictions considered by the Executive Board to be prudent and appropriate and in the best interests of the Master Association, Members, and Owners.

9.3 Transfer of Water System. In the event the Water Company elects to no longer provide irrigation water to Gateway Park, the Water Company shall convey the Water System to the Master Association at no cost to the Master Association, free and clear of all liens and encumbrances other than general property taxes for the then current year. The Master Association will thereafter be responsible for owning, operating, maintaining, repairing and replacing the Water System and providing raw irrigation water to Gateway Park via the Water System.

9.4 No Domestic Treated Water. The Master Association, Members, or Owners shall under no circumstances, except as specifically provided in Section 9.7, use treated domestic water to provide irrigation water for any Landscaping on any Lot, Common Element, or any other area within Gateway Park. All irrigation within Gateway Park shall be accomplished by the use of the Water System. No person shall connect any domestic water line or potable water source within Gateway Park to any part of the Water System.

In the event any Member or Owner is found to be in violation

22

of this Section, the Master Association shall have the authority to forthwith order that the Water Company terminate service to the property found to be in violation, may obtain an order of a court to enjoin the further violation of this Article, and shall be entitled to recover all costs, including attorneys fees, of enforcing this Section from any Member or Owner committing such violation.

In furtherance of this Article, the Master Association shall deliver to each new Owner in Gateway Park a copy of the notice from the Town of Berthoud attached hereto as Exhibit "B" and shall establish and maintain records of the same. Contemporaneously with the delivery of Exhibit "B", each new Owner in Gateway Park shall be given a copy of the then existing Rules and Regulations adopted by the Master Association governing design and operation of irrigation systems, scheduling and use restrictions adopted and approved by the Executive Board. Each Owner in Gateway Park shall be given a copy of all subsequent amendments to the Rules and Regulations adopted from time to time and such use restrictions adopted by the Executive Board. The Member Associations shall provide the Master Association with the registered names and address of new Owners as they become available in order to carry out the provisions of this Section.

9.5 Easement. The Water Company shall have and enjoy the use and benefit of the easement provided by Section 7.9 above, over the Common Elements as necessary to install, construct, operate, maintain, repair and replace the Water System.

9.6 Protection of Water Quality. The Master Association and Water Company shall adopt such rules and regulations as are reasonable and prudent to ensure that the Water System is in compliance with the Safe Drinking Water Act of 1974 (SDWA), as amended.

9.7 Ownership of Water Rights. The Declarants shall convey the water rights for the raw irrigation water supplied to the Water Company in conformity with the Town of Berthoud Development Agreement, Addendum "D." In the event the water rights conveyed by the Declarants to the Water Company are insufficient to meet the demand for raw irrigation water, the Water Company shall have the duty to acquire and purchase on a temporary basis, additional raw irrigation water to meet said demand. In the event sufficient additional raw water is not available, the Water Company and Master Association shall contract with the Town of Berthoud to purchase treated domestic water to be used to meet unfulfilled irrigation demand, provided such water is available. All costs of purchasing water pursuant to this Section shall be subject to rate setting, billing and collection by the Master Association as provided by Section 9.1 above.

29

ARTICLE X. DAMAGE OR DESTRUCTION

10.1 Estimate of Damage or Destruction. As soon as practical after an event causing damage to or destruction of any part of the Common Elements, the Master Association shall, unless such damage or destruction shall be minor, obtain an estimate or estimates that it deems reliable and complete of the costs of repair and reconstruction of that part of the Common Elements so damaged or destroyed. "Repair and reconstruction" as used in this Article shall mean restoring the damaged or destroyed Improvements to substantially the same condition in which they existed prior to the damage or destruction.

10.2 Repair and Reconstruction. As soon as practical after obtaining estimates, the Master Association shall diligently pursue to completion the repair and reconstruction of the damaged or destroyed Improvements. As attorney-in-fact for the Members and Owners, the Master Association may take any and all necessary or appropriate action to effect repair and reconstruction, and no consent or other action by any Member or Owner shall be necessary. Assessments of the Master Association shall not be abated during the period of insurance adjustments and repair and reconstruction.

10.3 Funds for Repair and Reconstruction. The proceeds received by the Master Association from any hazard insurance shall be used for the purpose of repair, replacement, and reconstruction. If the proceeds of the insurance are insufficient to pay the estimated or actual cost of such repair and reconstruction, the Master Association may, pursuant to Section 8.5, above, levy, assess, and collect in advance from all Owners, without the necessity of a special vote of the Owners, except as provided in Section 8.5, a Special Assessment sufficient to provide funds to pay such estimated or actual costs of repair and reconstruction. Further levies may be made in like manner if the amounts collected prove insufficient to complete the repair and reconstruction.

10.4 Disbursement of Funds for Repair and Reconstruction. The insurance proceeds held by the Master Association and the amounts received from the Special Assessments provided for in Section 10.3, above, constitute a fund for the payment of the costs of repair and reconstruction after casualty. It shall be deemed that the first money disbursed in payment for the costs of repair and reconstruction shall be made from insurance proceeds, and the balance from the Special Assessments. If there is a balance remaining after payment of all costs of such repair and reconstruction, such balance shall be distributed to the Members in proportion to the contributions each Member made as a Special Assessment to the Master Association under Section 10.3, above, or, if no Special Assessments were made, then on the basis of the allocation to the Members of Common Expenses under Section 6.4, above.

30

10.5 Decision Not to Rebuild. If Members representing at least sixty-seven percent (67%) of the membership votes on the Executive Board agree in writing not to repair and reconstruct and no alternative Improvements are authorized, then and in that event the Common Elements shall be restored to its natural state and maintained as an undeveloped portion of the Common Elements by the Master Association in a neat and attractive condition. Any remaining insurance proceeds shall be distributed in accordance with this Declaration and the Act, to the extent applicable.

10.6 Damage or Destruction Affecting Lots. In the event of damage or destruction to the Improvements located on any of the Lots, the Owner thereof shall promptly repair and restore the damaged Improvements to their condition prior to such damage or destruction. If such repair or restoration is not commenced within one hundred eighty (180) days from the date of such damage or destruction, or if repair and reconstruction is commenced but then abandoned for a period of more than thirty (30) days, then the Master Association may, after notice and hearing as provided in the Bylaws, impose a fine accruing at the rate of One Thousand Dollars (\$1,000.00) per day or such other rate imposed by the Executive Board in compliance with the Act (if applicable), charged against the Owner of the Lot until repair and reconstruction is commenced, unless the Owner can prove to the satisfaction of the Master Association that such failure is due to circumstances beyond the Owner's control. Such fine shall be a Default Assessment and lien against the Lot as provided in Section 8.10, above.

ARTICLE XI. CONDEMNATION

11.1 Rights of Members. Whenever all or any part of the Common Elements shall be taken or conveyed in lieu of and under threat of condemnation by any authority having the power of condemnation or eminent domain, the Members shall be entitled to notice of the taking, but the Master Association shall act as attorney-in-fact for all Members in the proceedings incident to the condemnation proceeding, unless otherwise prohibited by law.

11.2 Partial Condemnation; Distribution of Award; Reconstruction. The award made for such taking shall be payable to the Association as trustee for the Members and all Owners to be disbursed as follows:

If the taking involves a portion of the Common Elements on which Improvements have been constructed, then, unless, within sixty (60) days after such taking, Members representing at least sixty-seven percent (67%) of the votes of the membership of the Master Association, including, during the Special Declarants Rights Period, the vote of Declarants, shall otherwise agree, the Master Association shall restore or replace such Improvements so

31
taken on the remaining land included in the Common Elements to the extent lands are available therefor, in accordance with plans approved by the Executive Board, the Town, if required, and any other authority having jurisdiction in such matters. If such Improvements are to be repaired or restored, the provisions in Article X, above, regarding the disbursement of funds in respect to casualty damage or destruction which is to be repaired shall apply. If the taking does not involve any Improvements on the Common Elements, or if there is a decision made not to repair or restore, or if there are net funds remaining after any such restoration or replacement is completed, then such award or net funds shall be distributed on the basis of the Common Expenses allocated to the Members under Section 6.4, above.

11.3 Complete Condemnation. If all of the Common Elements is taken, condemned, sold, or otherwise disposed of in lieu of or in avoidance of condemnation, then the regime created by this Declaration shall terminate, and the portion of the condemnation award attributable to the Common Elements shall be distributed as provided in Section 10.4, above.

ARTICLE XII. INSURANCE

12.1 General Insurance Provisions. All insurance coverage obtained by the Executive Board shall conform to any minimum requirements of the Act.

12.2 Authority to Purchase. All insurance policies relating to the Common Elements shall be purchased by the Executive Board or its duly authorized agent. The Executive Board, the Manager, and Declarants shall not be liable for failure to obtain any coverage required by this Article or for any loss or damage resulting from such failure if such failure is due to the unavailability of such coverage from reputable insurance companies, or if such coverage is available only at demonstrably unreasonable costs. Notwithstanding the foregoing, if the insurance described in Sections 12.3 and 12.4, below, is not reasonably available, or if any policy of such insurance is cancelled or not renewed without a replacement policy having been obtained, the Master Association promptly shall cause notice of that fact to be hand delivered or otherwise delivered to Members and Owners by such methods as required by the Act.

12.3 Physical Damage Insurance on Common Elements. The Master Association shall obtain insurance for all insurable Improvements, if any, owned by it on the Common Elements in an amount equal to the full replacement value (i.e., one hundred percent [100%] of the current "replacement cost" exclusive of land, foundation, excavation, depreciation on personal property, and other items normally excluded from coverage), which shall include all building service equipment and the like, common

32

personal property and supplies, and any fixtures or equipment upon the Common Elements. In addition, such policy shall provide the following:

(a) Loss or damage by fire and other hazards covered by the standard extended coverage endorsement with the standard "all-risk" endorsement covering sprinkler leakage, debris removal, cost of demolition, vandalism, malicious mischief, windstorm, and water damage.

(b) Such other risks as shall customarily be covered with respect to projects similar in construction, location, and use to the Common Elements.

(c) A waiver of any right of the insurer to repair, rebuild or replace any damage or destruction, if a decision is made pursuant to this Declaration not to do so.

(d) The following endorsements (or equivalent): cost of demolition; contingent liability from operation of building laws or codes; increased cost of construction; agreed amount or elimination of co-insurance clause; and inflation guard (if available).

(e) The deductible, if any, on any insurance policy purchased by the Executive Board may be treated as a Common Expense payable from Annual Assessments or Special Assessments allocable to all of the Lots or to only some of the Lots, if the claims or damages arise from the negligence of particular Owners (if the repairs benefit only particular Owners), or as an item to be paid from any working capital reserves established by the Executive Board. Except as otherwise set forth in this Article, the maximum deductible amount shall be the lesser of Ten Thousand Dollars (\$10,000.00) or one percent (1%) of the policy face amount.

Prior to obtaining or renewing any policy of physical damage insurance, the Executive Board shall review or obtain an appraisal of the then current replacement cost of Improvements (exclusive of the land, excavations, foundations and other items normally excluded from such coverage) for the purpose of determining the amount of physical damage insurance to be secured pursuant to this Article.

12.4 Liability Insurance. The Master Association shall obtain a comprehensive policy of commercial general liability insurance and property damage insurance as provided by the Act with such limits as the Executive Board may from time to time determine, insuring each Member of the Executive Board, the Master Association, the Manager, and the respective employees, agents and all persons acting as agents of the Master Association against any claims and liability in connection with the ownership, existence,

33

use, operation, maintenance, or management of the Common Elements and alleys, sidewalks, streets and roads within Gateway Park and any other areas under the control of the Master Association. Declarants shall be included as an additional insured in Declarants' capacity as an Owner. The Members and Owners shall be included as additional insureds, but only for claims and liabilities arising in connection with the ownership, existence, use, operation, maintenance, or management of the Common Elements.

Such comprehensive policy of public liability insurance shall include the following:

(a) Coverage for contractual liability, liability for non-owned and hired automobiles, and, if applicable, host liquor liability, employer's liability, and such other risks as shall customarily be covered with respect to developments similar to Gateway Park in construction, location, and use.

(b) A cross liability endorsement under which the rights of a named insured under the policy shall not be prejudiced with respect to an action against another insured.

The Executive Board shall review the coverage and limits at least once every two (2) years, but, generally, the Executive Board shall carry such amounts of insurance usually required by private institutional mortgage lenders on projects similar to Gateway Park, and in no event shall such coverage be less than One Million Dollars (\$1,000,000.00) for all claims for bodily injury or property damage arising out of one (1) occurrence. Reasonable amounts of "umbrella" liability insurance in excess of the primary limits shall also be obtained in an amount not less than Two Million Dollars (\$2,000,000.00).

12.5 Fidelity Insurance. Fidelity bonds shall be maintained by the Master Association to protect against dishonest acts on the part of its officers, directors, employees, and all others who handle or are responsible for handling the funds of or administered by the Master Association. If responsibility for handling funds is delegated to a Manager, such bonds shall be required for the Manager and its officers, employees, and agents, as applicable. Such bonds shall contain waivers by the issuers of all defenses based upon the exclusion of persons serving without compensation from the definition of "employees," or similar terms or expressions. Such bonds shall name the Master Association as an obligee and cover the maximum funds that will be in the custody of the Master Association or any management agent at any time while the bond is in force.

12.6 Flood Insurance. If any part of the Improvements, if any, on the Common Elements are located in a Special Flood Hazard Area, which is designated A, AE, AH, AO, A1-30, A-99, V, VE or V1-30 on a Flood Insurance Rate Map, the Master Association shall

34

obtain a policy of flood insurance in an amount equal to one hundred percent (100%) of the insurable value of the Improvements or the maximum coverage available under the appropriate National Flood Insurance Administration program.

12.7 Provisions Common to Physical Damage Insurance, Liability Insurance, Fidelity Insurance and Flood Insurance. Any insurance coverage obtained by the Master Association under the provisions of this Article shall be subject to the following provisions and limitations:

(a) The named insured under any such policies shall include Declarants, until all of the Lots have been conveyed, and the Master Association, as attorney-in-fact for the use and benefit of the Members and Owners, or the authorized representative of the Master Association (including any trustee with whom the Master Association may enter into an insurance trust agreement, or any successor trustee, each of which is sometimes referred to in this Declaration as the "Insurance Trustee"), who shall have exclusive authority to negotiate losses under such policies.

(b) Each Owner shall be an insured person with respect to liability arising out of the Owner's interest in the Common Elements or membership in the Master Association.

(c) In no event shall the insurance coverage obtained and maintained pursuant to this Article be brought into contribution with insurance purchased by the Owners or their Security Interest Holders.

(d) The policies shall provide that coverage shall not be prejudiced by: any act or neglect of any Owner (including an Owner's family, tenants, servants, agents, invitees, and guests) when such act or neglect is not within the control of the Master Association; any act or neglect or failure of the Master Association to comply with any warranty or condition with regard to any portion of Gateway Park over which the Master Association has no control; or, conduct of any kind on the part of an Owner (including the Owner's family, tenants, servants, agents and guests) or any Director, officer, employer, or Manager of the Master Association, without prior demand to the Master Association and a reasonable opportunity to cure.

(e) The policies shall contain the standard mortgagee clause commonly accepted by private institutional mortgage investors in the area in which Gateway Park is located, and provide that coverage may not be cancelled in the middle or at the end of any policy year or other period of coverage or substantially modified or reduced (including cancellation for nonpayment of premiums) without at least thirty (30) days'

35

prior written notice mailed to the Master Association and to each Person to whom a certificate of insurance has been issued, at their respective last known addresses.

(f) The policies shall contain a waiver by the insurer of any right to claim by way of subrogation against Declarants, the Executive Board, the Master Association, the Members, the Manager, and any Owner and their respective agents, employees, or tenants, and in the case of Owners, members of their households, and of any defenses based upon co-insurance.

(g) The policies described in Sections 12.3 and 12.4, above, shall provide that any "no other insurance" clause shall expressly exclude individual Owners' policies from its operation so that the physical damage policy or policies purchased by the Executive Board shall be deemed primary coverage, and any individual owners' policies shall be deemed excess coverage.

12.8 Personal Liability Insurance of Officers and Directors. To the extent obtainable at reasonable cost, appropriate officers' and directors' personal liability insurance may be obtained by the Master Association to protect the officers and Directors from personal liability in relation to their duties and responsibilities in acting as such officers and Directors on behalf of the Master Association.

12.9 Workmen's Compensation Insurance. The Master Association shall obtain workmen's compensation or similar insurance with respect to its employees, if any, in the amounts and forms as may now or hereafter be required by law.

12.10 Other Insurance. The Master Association may obtain insurance against such other risks, of a similar or dissimilar nature, as it deems prudent and appropriate with respect to the Master Association's responsibilities and duties.

12.11 Insurance Obtained by Owners. No insurance coverage obtained by an Owner covering the Owner's personal property and personal liability shall operate to decrease the amount which the Executive Board, on behalf of all Owners, may realize under any policy maintained by the Executive Board or otherwise affect any insurance coverage obtained by the Master Association or cause the diminution or termination of that coverage. Any such insurance obtained by an Owner shall include a waiver of the particular insurance company's right of subrogation against the Master Association and other Owners.

26

ARTICLE XIII. INDEMNIFICATION

To the full extent permitted by law, each officer and Member of the Executive Board of the Master Association shall be and is hereby indemnified by the Members and Owners and the Master Association against all expenses and liabilities, including attorneys' fees, reasonably incurred by or imposed upon him or her in any proceeding to which he or she may be a party, or in which he or she may become involved, by reason of his or her being or having been an officer or Director on the Executive Board of the Master Association, or any settlement thereof, whether or not he or she is an officer or a Member of the Executive Board of the Master Association at the time such expenses are incurred, except in such cases where such officer or Member of the Executive Board is adjudged guilty of willful misfeasance or malfeasance in the performance of his or her duties; provided that in the event of a settlement, the indemnification shall apply only when the Executive Board approves such settlement and reimbursement as being in the best interests of the Master Association.

ARTICLE XIV. SPECIAL DECLARANTS RIGHTS AND
ADDITIONAL RESERVED RIGHTS

14.1 Special Declarants' Rights. Declarants hereby expressly reserve the right, for a period of ten (10) years following the recordation of this Declaration in the Office of the Clerk and Recorder of Larimer County, Colorado, to perform the acts and exercise the rights hereinafter specified ("Special Declarants Rights"). Any Special Declarants Right or Additional Reserved Right created or reserved under this Article for the benefit of Declarants may be transferred to any Person by an instrument describing the rights transferred and recorded in Larimer County, Colorado. Such instrument shall be executed by Declarants and the transferee.

ARTICLE XV. EXPANSION

15.1 Reservation of Right to Expand. Declarants reserve the right to, and the effect of this Declaration shall be expanded, to include all or any part of any and all Lots created within or annexed to Gateway Park as Lots under this Declaration. The consent of the existing Members, Owners or Mortgagees shall not be required for any such expansion, and Declarants may proceed with expansion without limitation at its sole option. Declarants shall have the unilateral right to transfer to any other Person this right to expand by an instrument duly recorded. Declarants shall pay all taxes and other governmental assessments relating to the expansion property as long as Declarants own such property.

15.2 Declaration of Annexation. Any such expansion shall be accomplished automatically, upon recording by a Declarants of a declaration creating a Member Community as defined by this Declaration and the Act or a Declaration of Annexation pertaining to an existing common interest community as set forth in the

78
relevant declaration. Upon recording of any declaration or Declaration of Annexation in compliance with the terms of the respective declaration, this Declaration shall automatically, and without further documentation, be deemed amended to include the expansion property described in such Declaration of Annexation as being subject to the terms of this Declaration.

Upon recordation of any such declaration or Declaration of Annexation, the definitions used in this Declaration shall be expanded automatically to encompass and refer to the new or expanded common interest community.

In addition, an expansion of this Declaration to include additional Common Elements may be accomplished upon recording, by Declarants, of a Declaration of Annexation on or before the expiration of the period of Special Declarants Rights. The Declaration of Annexation shall describe the real property to be added to the Common Elements and submit the same to the covenants, conditions, restrictions and easements contained in this Declaration. Such Declaration of Annexation shall not require the consent of the Members or Owners. Any such expansion shall be effective upon the filing for record of such Declaration of Annexation unless otherwise provided therein. Any such expansion may be accomplished in stages by successive supplements or in any one supplemental expansion.

ARTICLE XVI. SECURITY INTEREST HOLDERS

16.1 Special Rights of Security Interest Holders. Any Holder of a Security Interest encumbering any Lot, upon filing a written request therefor with the Master Association, shall be entitled to:

(a) written notice from the Master Association of any default by the Owners of such Lot in the performance of the Owner's obligations under this Declaration, the Articles of Incorporation, by Bylaws or the Rules and Regulations, which default is not cured within sixty (60) days after the Master Association learns of such default;

(b) examine the books and records of the Master Association upon reasonable advance notice and during normal business hours;

16.2 Security Interest Holders Right to Pay Taxes, Rental and Insurance Premiums. Any one (1) or more Security Interest Holder, jointly or singly, shall be entitled to pay (a) any taxes or other charges which are in default and which may or have become a lien against any of the Common Elements or (b) any overdue premiums on hazard insurance policies or secure a new hazard insurance coverage for the Common Elements or Lots, and the Security Interest Holder(s) making such payments shall be entitled to immediate reimbursement therefor from the Master Association.

16.3 Master Association Right to Security Interest Information. Each Owner hereby authorizes any Security Interest Holder on such Owner's Lot to furnish information to the Master Association concerning the status of such Security Interest and the loan which it secures.

16.4 Special Approvals by Security Interest Holders. Unless at least fifty percent (50%) of the Security Interest Holders based on one (1) vote for each Security Interest owned) of Lots within Gateway Park have given their written approval, either the Master Association nor any Member may:

(a) by act or omission seek to abandon, partition, subdivide, encumber, sell or transfer the Common Elements or any improvements thereon which are owned, directly or indirectly, by the Master Association (except that the granting of easements consistent with the intended use of such property by the Master Association shall not be deemed within the meaning of this provision);

To be eligible either to approve or object to any written request for approval, a Security Interest Holder must have previously given the Master Association written notice of the existence of its Security Interest.

ARTICLE XVII. GENERAL PROVISIONS

17.1 Enforcement. The Master Association, any Member Association, or the Owner or Owners of any of the Lots may enforce the restrictions, conditions, covenants and reservations imposed by the provisions of this Declaration, the Articles, or any Bylaws or Rules or Regulations promulgated by the Master Association which are consistent with this Declaration by proceedings at law or in equity against any Person or against the Master Association violating or attempting to violate any of the said Articles, Bylaws or Rules and Regulations, or restrictions and limitations of this Declaration, either to recover damages for such violation, including reasonable attorneys' fees incurred in enforcing this Declaration, or to restrain such violation or attempted violation or to modify or remove structures fully or partially completed in violation hereof, or both. Failure of the Master Association, any Member, or any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter. The Master Association shall not be liable to reimburse any Member or Owner for attorneys' fees or costs incurred in any suit brought by a Member or Owner to enforce or attempt to enforce this Declaration.

17.2 Enforcement by Governmental Entity. The Town of Berthoud (the "Town") is intended to be a third party beneficiary of this Declaration and may, at its discretion, enforce the covenants it deems appropriate. Except in the case of an immediate need when the Town is authorized to act on behalf of and at the expense of the Master Association, the Town shall proceed only after notice and hearing. In the event that the Master Association or any successor to the Master Association fails to maintain the Common Elements in reasonably good order and condition or to enforce this Declaration which the Town determines to be appropriate and necessary, the Town may serve written notice upon such organization or upon the residents of Gateway Park setting forth

41

the manner in which the organization has failed to maintain the Common Elements in reasonable condition or to enforce this Declaration. The notice shall include a demand that such deficiencies be cured within thirty (30) days thereof and shall state the date and place of a hearing thereon which shall be held before the Town Administrator or his designee within fourteen (14) days of the notice. At such hearing, the Town may modify the terms of the original notice as to deficiencies and may give an extension of time within which they shall be cured. If the deficiencies set forth in the original notice or in the modifications thereof are not cured within said thirty (30) days or any extension thereof, the Town, in order to preserve the taxable values of the properties within Gateway Park and to prevent the Common Elements from becoming a public nuisance or to prevent or cure a violation of this Declaration, may enter upon said Common Elements and maintain, improve if necessary, and enforce this Declaration.

The cost of such maintenance by the Town shall be paid by the Master Association within four (4) weeks and if not, then by the Owners of Lots within Gateway Park. Any unpaid assessments may be collected by the initiation of litigation or may become a lien on said properties at the Town's discretion. To enforce the lien, the Town shall file a notice of such lien in the Office of the County Clerk and Recorder upon the properties affected by such lien within Gateway Park. The Town is authorized to recover all its legal costs, filing and recording fees and interest at twelve percent (12%) per annum with respect to all assessments which are not paid when due and covenants for which it deems enforcement is appropriate.

17.3 Term of Declaration. This Declaration shall run with the land, shall be binding upon the Members and upon all Persons owning Lots and any Persons hereafter acquiring said Lots, and shall be in effect in perpetuity unless amended or terminated as provided herein or in the Act (to the extent applicable).

17.4 Amendment of Declaration. Except as otherwise provided in the Act and this Declaration, and subject to provisions elsewhere contained in this Declaration requiring the consent of Declarants or others, any provision, covenant, condition, restriction or equitable servitude contained in this Declaration may be amended or repealed at any time and from time to time upon approval of the amendment or repeal by vote of Members of the Master Association holding at least sixty-seven percent (67%) of the voting power of the Master Association present in person or by proxy at a duly constituted meeting of the Members. The approval of any such amendment or repeal shall be evidenced by the certification by the Executive Board of the Master Association of the vote of Members. The amendment or repeal shall be effective upon the recordation in the Office of the Clerk and Recorder of Larimer County, Colorado, of a certificate, executed by the

42
President or a Vice President and the Secretary or an Assistant Secretary of the Master Association setting forth the amendment or repeal in full and certifying that the amendment or repeal has been approved by the Members and certified by the Executive Board as set forth above.

17.5 Captions. The captions contained in the Documents are inserted only as a matter of convenience and for reference, and in no way define, limit or describe the scope of the Documents or the intent of any provision thereof.

17.6 Gender. The use of the masculine gender refers to the feminine gender, and vice versa, and the use of the singular includes the plural, and vice versa, whenever the context of the Documents so require.

17.7 Waiver. No provision contained in the Documents is abrogated or waived by reason of any failure to enforce the same, irrespective of the number of violations or breaches which may occur.

17.8 Invalidity and Severability. The invalidity of any provision of the Documents does not impair or affect in any manner the validity, enforceability or effect of the remainder, and if a provision is invalid, all of the other provisions of the Documents shall continue in full force and effect.

17.9 No Partition of Common Area. The Common Elements shall be owned by the Master Association, and no Member or Owner shall bring any action for partition or division of the Common Elements. By acceptance of a deed or other instrument of conveyance or assignment, each Owner shall be deemed to have specifically waived such Owner's rights to institute or maintain a partition action or any other action designed to cause a division of the Common Elements, and this Section may be pleaded as a bar to any such action. Any Member or Owner who shall institute or maintain any such action shall be liable to the Master Association, and hereby agrees to reimburse the Master Association for its costs, expenses, and reasonable attorneys' fees in defending any such action.

17.10 Conflict. If there is any conflict between the Documents and the provisions of the Act, the provisions of the Act, to the extent applicable, shall control. In the event of any conflict between this Declaration and any other document, this Declaration shall control.

Notice as to Limitations Relative
To Capacity and Use of Potable and Non-potable Water

The Board of Trustees of the Town of Berthoud has approved the use of non-potable (untreated raw water which is unsafe for human consumption) for irrigation of lawns and landscaping within Gateway Park.

The Board of Trustees believes that the use of irrigation water which is pumped through a separate distribution system for irrigation in conjunction with the usage of a separate system of treated water for consumption and bathing purposes will result in monetary savings to the Town and property owner with respect to the costs of treating the water and the cost of the water itself.

All parcels of real property within this development will be provided with the water they use for irrigation of their lawns and other landscaping through the non-potable system. Because this non-potable water system will be supplied with irrigation water which is stored in a pond and pumped to the separate parcels in this subdivision, there are numerous opportunities for failures within the system. These failures may occur because of inadequate supplies of irrigation water-which may be due to drought conditions, insufficient storage, or inadequate pumping facilities or a combination of these factors.

For the purpose of establishing each property's usage of treated water the Town has assumed that there will be no use of treated water for irrigation.

Thus, for billing purposes, the usage of more treated water than has been purchased/allocated to each parcel of property will result in a surcharge to pay for the cost of water which was not dedicated and for treatment capacity for which payment was not made.

If the Town determines that it has inadequate capacity to provide treated water for this subdivision because of failure, in whole or part, of the non-potable system, the Town may prohibit the irrigation of all landscaping and lawns within this subdivision. If this occurs, it will be published as a legal notice and may be sent to the property owners.

Under no circumstances may the non-potable system within this subdivision or on any parcel within the subdivision have or make any cross-connection between the potable and non-potable systems.

Should you require additional information, you may contact the Town of Berthoud.
